2026-27 JABC TECHWORKS VIRTUAL PROGRAM

JA British Columbia | Member of JA Canada

A unique work-readiness program that helps high school students explore tech careers and develop the skills and mindset for future jobs. Supporting BC's curriculum across Career Education, Science, and ADST, it's offered at no cost thanks to our generous supporters.

ON-DEMAND VIDEO SERIES

- 20-minute engaging videos on world-changing technology
- Includes educator guides and student activities
- Videos feature leading tech companies, highlighting careers and real-world innovations

Check out the 2025 Virtual JABC TechWorks highlight reel

BY REGISTERING, YOU'LL GET ACCESS TO:

- **NEW! Live Panel: Tech Entrepreneurship** – Join us this November to explore innovation, business opportunities, and tech careers with industry professionals.
- **Healing With Technology** – how tech is transforming healthcare and creating new possibilities
- **Tech On The Move** – how innovation is reshaping transportation on land, sea, air and beyond
